### The Olympic Games

Our whole family watched the Olympics last summer. We didn't have to travel anywhere to see the games. We watched them on TV in our family room.	9
The Olympics are held every four years. There is both a summer Olympics and a winter Olympics. My favorite sports in the summer are swimming and track and field. In the winter, my favorites are sledding and ice skating. The skaters are so skilled that they make skating look easy, even though it isn't. I like to watch their jumps and spins.	20
The athletes who come in first, second, and third place receive medals. First place is gold and second place is silver. The third place medal is bronze. When they get their medals, the athletes stand beneath their country's flag. His or her country's song is played for everyone to hear.	27
The Olympic Games have been around for two hundred years. They began with only one race. The games soon grew to last five days and more sports were added. The Olympics had strange rules at first. One rule was that only men could be in the games or even watch.	38
Today, both women and men take part in over twenty different sports. The athletes come from all around the world. The games always open with a parade and the lighting of the Olympic flame from a burning torch. Teams of runners carry the torch from the site of the first games all the way to the country hosting the games.	48

## DIBELS® Oral Reading Fluency

### Short Form Directions

Make sure you have reviewed the long form of the directions in the *DIBELS Administration and Scoring Guide* and have them available. Say these specific directions to the student:

**Please read this (point) out loud. If you get stuck, I will tell you the word so you can keep reading. When I say "Stop," I may ask you to tell me about what you read, so do your best reading. Start here (point to the first word of the passage). Begin.**

Start your stopwatch when the student says the first word of the passage.

At the end of **1 minute**, place a bracket ( **]** ) after the last word provided by the student, stop and reset the stopwatch, and say, **"Stop."** (remove the passage)
